Southern Comfort 750ml

Code# 105601

\$24.85

Southern Comfort is classified as a Bourbon Liqueur, which means that it has a bourbon base, but has been infused with other flavorings. In the case here, it is peach that has been infused with the bourbon.

Jack Daniels 750ml

Code#41384

\$28.90

Today, the Jack Daniel's Distillery remains true to Mr. Jack's recipe, using the same iron-free, limestone rich, Cave Spring water, the finest quality grains, and Mr. Jack's old-time charcoal-mellowing process. Charcoal Mellowing makes Jack Daniel's what it is – a Tennessee Whiskey and not a Bourbon. It's from the toasted oak that the whiskey draws its rich amber color, distinctive flavor, and finish.

Polar Ice 750ml

Code#135566

\$43.35

This featherweight vodka has a satin-like texture and a delicate, faintly citrus bouquet. It lirts over the palate like mist leaving behind a most satisfying nothingness. Its finish is warm and relaxed. What makes the production of Polar Ice unique is the use of a patented pressurized extraction process, which rids the spirit of even microscopic impurities. The vodka is then filtered three times for purity and bottled at 40% alc/vol.
