A Brief Overview of Distilled Spirits

Canadian Whiskies: Canadian whiskies have a spicy bitter sweet character from the rye component which is rounded off during barrel aging.

Scotch Whiskies: Scotch may be either a blend or single malt.

Blended scotches are made by mixing barrel aged whiskies from a variety of distilleries with neutral spirits. Single malt is the product of a single distillery and contains no neutral spirit. Single malts closely reflect the nature and personality of the region and distillery from which they come, such as:

- *Lowland:* soft and smooth
- *Highland:* spicier with a touch of peat
- *Speyside:* complex with a touch of refined smokiness
- *Campbeltown:* briny with peat and smoke qualities
- *Islay:* a taste of the sea.

Bourbon: Bourbon is never diluted with neutral spirits and is always the product of a single distillery. Its principle ingredients are fermented corn and pure water. Ninety per cent (90%) of the flavour is generated from the charred oak barrels it is aged in.

Rum: There are three classifications of rum: white, dark and amber. They are available in regular strength and over proof. Rum is a distillation of fermented sugar cane juice, sugar cane or molasses. Rum is matured in oak barrels to mellow and enhance its flavour.

Vodka: A very versatile, neutral spirit, which is now primarily derived from grain. Vodka makes a good match with juices or soda. The choice and quality of raw

materials used for each brand create distinguishable flavours.

Gin: Like vodka, gin begins its life as a neutral spirit. Flavours are added back after distillation as specified in a variety of secret recipes. Juniper berries are a dominant ingredient though lemon, orange peel, almond and coriander are often used.

Brandy: Brandies are grape-based spirits aged in small oak barrels. Brandy may be matched with certain varieties of liqueurs to create various fruit brandy products.

Cognac: Cognac, the most revered brandy is made from grapes grown only in the area of Cognac in the Charente Valley of France. Cognac derives its golden colours and vanilla like sweetness from the wood in which it is aged.

The longer the aging, the deeper and more concentrated the colours and flavours become. Cognacs from different vintages and regions are blended together to produce a distinctive style. Look for the designation of Cognac that appears on the label.

- *V.S. - The Cognac has been aged for the minimum 3 year period.*
- *V.S.O.P. - Denotes that the Cognac has been aged for a period of 5 years or more.*
- *V.O. - The Cognac has been aged 7 years or more and may contain brandies that have been aged up to a century or more.*

Tequila - Tequila is made from the agave plant which grows wild in the foothills of the Sierra/Madre Mountains in Mexico.

General Information

This price list details the products regularly stocked by Yukon Liquor Corporation (YLC). Information about other products and their associated prices is available through our store staff or our Purchasing and Distribution branch.

Purchase of Liquor

The law in Yukon prohibits the sale of alcoholic beverages to persons under the age of 19. Valid photo identification (ID) is required to confirm proof of age. In 2012 YLC implemented a Check 25 program. Liquor laws require servers, managers and staff to question customers, who appear to be under the age of 25, to produce valid photo identification when purchasing liquor from a licensed premise or on YLC properties.

Prices

These prices are reviewed regularly and are subject to change without notice.

Availability of Products

Fill out an Order Form (T-71) to order products from this listing.

Every effort is made to meet customer demands; however, it is impractical to carry a full line of listed brands in all liquor stores. Should you desire a particular product not stocked at your local store, listed or sold in Yukon, your store manager or our Purchasing and Distribution branch can assist in obtaining the desired brand.

Fill out a Special Order Form (T-18) to order products that are not on this listing. Special orders require a four to six-week lead time.

A minimum order may be required. The quantity will be confirmed upon researching product availability. In most cases the minimum quantity will be one shipping unit (i.e. wine = 12 bottles and beer/cooler = two 12 packs) per product type.

All forms are available [online](#) and at our stores and main office.

Ordering Products

Rural customers are asked to place and pick-up orders at your regional store. Our regional stores work with the Purchasing and Distribution branch to place your order.

Whitehorse-based customers may place orders at our central distribution centre (warehouse) either in person at 9031 Quartz Road, by email (order.ylc@gov.yk.ca) or by fax (867-393-6306).

Please place your order a **minimum of 24 hours** prior to picking it up at the warehouse between 8 a.m. and 4:30 p.m. Liquor orders must be paid by cash, certified cheque, credit card or debit card.

Product Returns

Liquor purchased from our liquor stores or warehouse may be returned within a reasonable time period and is subject to the store or warehouse manager's approval.

When returning product, it must be sealed in its original packaging. The Yukon Liquor Corporation reserves the right to refuse returns if any of the packaging is questionable. Broken cases of beer and other damaged external packaging will not be accepted.

Special order and keg purchases are final.

Returns of YLC products are subject to a restocking fee.

Empty Container Refunds

Refundable deposits are applied to aluminium cans, bottles and large containers. Specific deposit amounts per beverage container will be in effect this August. For specific information visit www.community.gov.yk.ca/cd/recycling.html. Deposits are refundable at any licensed community recycling depot.

Liquor Permits

Special Occasion or Reception permits are required for liquor consumption in a non-licensed public place. Permit application forms are available online, at our liquor stores outside of Whitehorse, and at our main office/warehouse in Whitehorse. Applications are subject to approval from our Licensing and Inspections branch and subject to these fees:

Reception Permit	\$30
Special Occasion Permit is based on the number of people expected to attend:	
• up to 150	\$50
• between 151 and 400	\$100
• 401 or more	\$150

You may pay for your permit with cash, credit card or debit card.

Pure Grain Alcohol Permit

Pure grain or absolute alcohol may be purchased at our liquor stores or our warehouse only with a liquor permit. The president may issue a liquor permit for scientific, industrial, or medicinal purposes. Contact the Purchasing and Distribution branch for more information.

Off-Sale Prices

Sections 52 of Yukon's *Liquor Regulations* permit licensed off-sale premises to sell products to the public at no more than 30 per cent higher than the Yukon Liquor Corporation retail price. These off-sale prices must be rounded to the nearest five (5) cents and include all applicable deposits and taxes.

There is a Maximum Off-Sales Price chart available [online](#).
