Decision of the Yukon Liquor Board

ITEM # 18-29

The Yukon Liquor Board approves amending the conditions to the special licence for the Yukon Arts Centre by removing existing condition (3) "Liquor may be sold in the facility to patrons and cast before, during intermission, and after performances (capacity: 570)", providing that all the requirements of the Liquor Act and Regulations have been met.

Existing license conditions that will remain are as follows:

1. Inside capacity: 570.
2. This license authorizes the licensee to dispense and serve liquor with or without food to guests at social functions.
3. Liquor may be sold in the lobby to patrons at exhibits, events and facility rentals.
4. Liquor may be sold on stage to ticket holders and performers for stage events (capacity: 157)
5. Liquor may be sold at conventions and performances held in the lobby.

This decision is based on:

Yukon Liquor Act Sections: 32 & 48
