Luxardo Limoncello 750 ml

Code #591644

\$24.90

An authentic Italian lemon liqueur. The see-through, chrome yellow/green color is brilliant; the initial nosing pass finds fresh, bitterly sour scents of lemon. The palate entry is delightfully lemony/citrusy sour and quite viscous to the touch. The midpalate carries the zestiness to the back of the tongue where a sweetness enchants the taste buds; the aftertaste is long, lemony, and sweet/sour.

Great Wall Cabernet Sauvignon 750 ml

Code #791491

\$14.15

China – a dry wine made in the “old world” style; plum fruit and a dry finish. Allow to breathe for up to an hour to soften the plum flavours. Best enjoyed with red meats or strong cheeses.

Beefeater Gin 750 ml

Code #570

\$25.00

Forcefully aromatic, with extravagant juniper character showing through. A note of viscosity on the palate reinforces the fat, juniper berry impression. The finish is long, rich and complex. A very stylish gin.

Malibu Mango 750 ml

Code #121384

\$21.30

Wherever you are, one sip of Malibu Mango and you're instantly transported to the Caribbean, famed all over the world for their relaxed attitude to life. Who else but the people of the Caribbean could have blended together fine light rum with the delicious flavor of mango? Whether you're getting the party started or taking it seriously easy, Malibu Mango is perfect with lemon lime soda or your favorite mixer

Malibu Pineapple 750 ml

Code #121293

\$21.30

The taste of Malibu Pineapple is sweet, smooth, and has all the earmarks of a good mixing product. The flavor profile, like the aroma, isn't necessarily dominated by pineapple when you take the first sip. It seems more like a combination of fruity tastes and sugar cane. But as the taste has time to sink in, the flavor of pineapples becomes more evident.
